

FABRICATION / WELDING

CNC MACHINING

INDUSTRIAL PAINTING

CAPABILITIES STATEMENT

Napoleon Machine is a **welding** and **machine shop** that provides services to Government agencies, Prime Contractors, and Sub-Contractors. We primarily focus on **tight tolerance** welding and machining of medium to large parts. In addition, we offer industrial painting and light assembly services.

- Weldments weighing up to **70,000 lbs.**
- Machined components weighing up to **60,000 lbs.**
- Machine travels up to **40' (X) by 16' (Y)**
- **Faro Laser Tracker Inspection**
- **50,000 sq. ft. Facility**
- **Multi-sided machining**

PAST PERFORMANCE

- Fabrication & Machining on **Lockheed Martin's Hellas-Sat-4** Upender.
- Fabrication & Machining on **Northrop Grumman's MRD-740XT**, a piece of equipment used in the manufacturing of missiles.
- Machining of critical M1A2C Abrams part for **BAE Systems**, a part with tight tolerances and stringent quality inspections.
- Machining of critical Rocket Forward Fixture for **United Launch Alliance** a **Lockheed Martin Space Systems** and **Boeing Defense** joint venture.
- Fabrication & Machining of many components used in **Ascent Aerospace's** Fuselage Fastening Systems.

DIFFERENTIATORS

- Bluco's Modular Weld System and custom Modular sub-tables on CNC Machines. Promotes accuracy and reduces setup times.
- Tight tolerance on large parts. It's not entirely uncommon to find shops that can do either large parts, or tight tolerance parts, but it is less common to find shops that can do both.
- On-staff Certified Weld Inspector with Department of Defense contracting experience.
- Masters of skilled-trades. There was a time when Napoleon Machine was the only supplier on a M1A2C Abrams Tank project to repeatedly produce a part that cleared quality inspection. The Prime Contractor observed and shared our best practices with others.

COMPANY DATA

- DUNS: 033235887
- U.S. CAGE Code: 7ZWB7
- Israel CAGE Code: 12351
- NAICS Codes: 332710, 332999
- SIC Codes: 3599 (Machine Job Shops)
- ISO 9001:2015 Certified
- DDTC & SAM.gov registered
- FAR, DFAR, ITAR, and NIST Compliant
- On-Staff CWI & AWS D1.1, D1.2, D1.6
- Small Business Classified
- Approved to view Export Control Technical Data & Setup for C-Folders use.
